

American Revolution Short Stories Middle School

Before there were lovable hobbits and Game of Thrones and kid wizards named Harry Potter, there were the 10 best fantasy short stories published in English during the first half of the nineteenth century. These excellent stories have been uncovered by Andrew Barger, awarding winning editor of *The Best Horror Short Stories 1800-1849* and *BloodDeath: The Best Vampire Short Stories 1800-1849*. In old magazines and forgotten journals, Andrew read well over 100 fantasy short stories and settled on the very best for this fantasy anthology. He provides a list, at the back of the collection, of the stories considered along with the author and year of publication. Andrew further includes background introductions to each story and author photos, where available. But his treatment of some of the earliest stories in the genre gets even better with annotations of the stories, which allow readers to peek behind the stories. Middle Unearthed, an Introduction — Andrew Barger 1836 “The Story of the Goblins Who Stole a Sexton” — Charles Dickens 1839 “The Kelpie Rock” — Joseph Holt Ingraham 1831 “Transformation” — Mary Shelley 1819 “Rip Van Winkle” — Washington Irving 1824 “Lilian of the Vale” — George Darley 1835 “The Doom of Soulis” — John MacKay Wilson 1827 “The Dwarf Nose” — Wilhelm Hauff 1829 “Seddik Ben Saad the Magician” — D.C. 1845 “The Witch Caprusche” — Elizabeth F. Ellet 1837 “The Pale Lady” — George Soane Fantasy Short Stories Andrew Considered Take a wondrous journey into the early unknown and read the 10 best fantasy stories from 1800-1849 today.

Explores the landmarks made famous during the American Revolution, from the green of Lexington where the war began in 1775, to Independence Hall in Philadelphia where the Declaration of Independence was signed.

Presents a biographical dictionary profiling important women authors, including birth and death dates, accomplishments and bibliography of each author's work.

This encyclopedic guide to the American dime novel contains over 1,200 entries on serial publications, major writers and editors, publishers, and major characters, fiction genres, themes, and locales. An introduction provides a brief history of the dime novel. A discussion of dime novel scholarship includes a selected directory of libraries and museums with significant collections of dime novels. An appendix contains a publishing chronology of the more than 300 serial publications, and a selected bibliography suggests further reading. This comprehensive reference will appeal to popular culture scholars and to dime novel collectors. As an important research tool, entries are cross-referenced throughout. An index is included.

With contributions from over 100 scholars, the *Encyclopedia of American Poetry: The Nineteenth Century* provides essays on the careers, works, and backgrounds of more than 100 nineteenth-century poets. It also provides entries on specialized categories of twentieth-century

verse such as hymns, folk ballads, spirituals, Civil War songs, and Native American poetry. Besides presenting essential factual information, each entry amounts to an in-depth critical essay, and includes a bibliography that directs readers to other works by and about a particular poet.

It was the war that gave birth to the United States, the world's first—and today, oldest—liberal democracy. The Revolution liberated the 13 colonies from British rule and created heroes and battles now secure in national lore: George Washington. Paul Revere. Alexander Hamilton. The Battles of Bunker Hill, Saratoga, and Yorktown. But what led these heroes to upturn their lives of comfort for the dangerous pursuit of the difficult ideals of freedom and equality? What happened to them and their fellow patriots on the battlefield? Who led? Who followed? Who were the traitors? Who were the spies? This LIFE special edition goes behind the scenes to understand one of history's most important events. It captures the drama of the war through stunning imagery and a fast-paced narrative, while bringing to life the stories of the men and women who sacrificed so much for future generations.

A Dissenting Companion to the U.S. History Textbook Most U.S. History textbooks track the origins and evolution of American identity. They therefore present the American Revolution as the product of a gradual cultural change in English colonists. Over time, this process of Americanization differentiated and alienated the settlers from their compatriots and their government in Britain. This widely-taught narrative encourages students to view American independence as a reflection of emerging American nationhood. The Colonists' American Revolution introduces readers to a competing narrative which presents the Revolution as a product of the colonists' English identity and of English politics. This volume helps students recognize that the traditional narrative of the Revolution is an argument, not a just-the-facts account of this period in U.S. history. Written to make history interesting and relevant to students, this textbook provides a dissenting interpretation of America's founding—the Revolution was not the result of an incremental process of Americanization, but rather an immediate reaction to sudden policy changes in London. It exposes students to dueling historical narratives of the American Revolution, encouraging them to debate and evaluate both narratives on the strength of evidence. This stimulating volume: Offers an account of the Revolution's chronology, causes, ends, and accomplishments not commonly addressed in traditional textbooks Challenges the conventional narrative of Americanization with one of Anglicization Presents the Atlantic as a bridge, rather than a barrier, between England and its colonies Discusses the American Revolution as one in a series of British rebellions Uses a dual-perspective approach to spark discussions on what it means to study history Exposing students to two different ways of studying history, The Colonists' American Revolution: Preserving English Liberty, 1607-1783 is a thought-provoking resource for undergraduate and graduate students of early-American history, as well as historians and interested general readers.

Historians have long understood that books were important to the British army in defining the duties of its officers, regulating tactics, developing the art of war, and recording the history of campaigns and commanders. Now, in this groundbreaking analysis, Ira D. Gruber identifies which among over nine hundred books on war were considered most important by British officers and how those books might have affected the army from one era to another. By examining the preferences of some forty-two officers who served between the War of the Spanish Succession and the French Revolution, Gruber shows that by the middle of the eighteenth century British officers were discriminating in their choices of books on war and, further, that their emerging preference for Continental books affected their understanding of warfare and their conduct of operations in the American Revolution. In their increasing enthusiasm for books on war, Gruber concludes, British officers were laying the foundation for the nineteenth-century professionalization of their nation's officer corps. Gruber's analysis is

enhanced with detailed and comprehensive bibliographies and tables.

"3 story paths, 65 choices, 16 endings"--Cover.

This inspiring anthology is the first to convey the rich experiences and contributions of women in the American military in their own words—from the Revolutionary War to the present wars in the Middle East. Serving with the Union Army during the Civil War as a nurse, scout, spy, and soldier, Harriet Tubman tells what it was like to be the first American woman to lead a raid against an enemy, freeing some 750 slaves. Busting gender stereotypes, Josette Dermody Wingo enlisted as a gunner's mate in the navy in World War II to teach sailors to fire Oerlikon anti-aircraft guns. Marine Barbara Dulinsky recalls serving under fire in Saigon during the Tet Offensive of 1968, and Brooke King describes the aftermath of her experiences outside the wire with the army in Operation Iraqi Freedom. In excerpts from their diaries, letters, oral histories, and pension depositions—as well as from published and unpublished memoirs—generations of women reveal why and how they chose to serve their country, often breaking with social norms, even at great personal peril.

This meticulously edited collection includes Henry James' complete novels and short stories, as well as critical essays, plays, travel sketches and reports of the great author. The life of Henry James is revealed in different biographies, and in his three autobiographical books. Content: Novels: Watch and Ward Roderick Hudson The American The Europeans Confidence Washington Square The Portrait of a Lady The Bostonians The Princess Casamassima The Reverberator The Tragic Muse The Other House The Spoils of Poynton What Maisie Knew The Awkward Age The Sacred Fount The Wings of the Dove The Ambassadors The Golden Bowl The Outcry The Ivory Tower The Sense of the Past Short Stories A Passionate Pilgrim The Last of the Valerii Eugene Pickering The Madonna of the Future The Romance of Certain Old Clothes Madame de Mauves Tales of Three Cities The Impressions of a Cousin Lady Barberina A New England Winter Stories Revived The Author of 'Beltraffio' Pandora The Path of Duty A Light Man A Day of Days Georgina's Reasons A Landscape-Painter Théodolinde (Rose-Agathe) Poor Richard Master Eustace A Most Extraordinary Case A London Life The Patagonia The Liar Mrs. Temperly The Real Thing Sir Dominick Ferrand Nona Vincent The Chaperon Greville Fane The Siege of London An International Episode The Pension Beaurepas A Bundle of Letters The Point of View Terminations Embarrassments The Two Magics The Soft Side The Finer Grain Other Stories Plays: Daisy Miller Pyramus and Thisbe Still Waters A Change of Heart The Album Disengaged Tenants The Reprobate Guy Domville The Outcry The High Bid Summersoft Travel Writings: A Little Tour in France English Hours Italian Hours The American Scene Transatlantic Sketches Portraits of Places Literary Essays: Notes on Novelists Views and Reviews Within the Rim and Other Essays French Poets and Novelists Partial Portraits Essays in London and Elsewhere Notes and Reviews Picture and Text Biographies: Hawthorne William Wetmore Story and His Friends Rupert Brooke Autobiographies: A Small Boy and Others Notes of a Son and Brother The Middle Years

A portrait of the supportive wife of President John Adams details the life of this extraordinary woman who used her love for learning, for her family, and for her country to shape the early history of the United States.

Popular American essayist, novelist, and journalist CHARLES DUDLEY WARNER (1829-1900) was renowned for the warmth and intimacy of his writing, which encompassed travelogue, biography and autobiography, fiction, and more, and influenced entire generations of his fellow writers. Here, the prolific writer turned editor for his final grand work, a splendid survey of global literature, classic and modern, and it's not too much to suggest that if his friend and colleague Mark Twain—who stole Warner's quip about how "everybody complains about the weather, but nobody does anything about it"—had assembled this set, it would still be hailed today as one of the great achievements of the book world.

Volume 42 is Part One of a dictionary of authors—from Alexis Aar to Juvenal—that serves as a handy, condensed reference to the authors

quoted in the first 40 volumes, as well as a guide to thousands more authors whose works are notable but not featured in this set. These riveting accounts of real people tell the story of the American Revolution from diverse and often neglected viewpoints-those of women, children, Patriots, Tories, pacifists, African-American slaves, Native Americans, Hessian mercenaries, and more. With each story, Haven includes a variety of learning extensions-objective questions, research projects, hands-on learning activities, and open-ended "points to ponder" for discussion and debate.

"In You Choose format, explores the Revolutionary War from the perspectives of spies on both the British and American sides"--
Examines the Native American experience during the American Revolution.

America's Declaration of Independence, while endeavouring to justify a break with Great Britain, simultaneously proclaimed that the colonists had not been `wanting in attention to our British brethren', but that they had `been deaf to the voice of justice and consanguinity'. This overstatement has since been modified in comprehensive histories of the American Revolution. Gradually a more balanced portrait of British attitudes towards the conflict has emerged. In particular, studies of pro-American Britons have exemplified this fact by concentrating on only a small upper-class minority. BR> In contrast, this work focuses on five unrenowned men of Britain's `middling orders'. These individuals actively endeavoured to aid the American cause. Their efforts, often unlawful, brought them into contact with Benjamin Franklin, for whom they befriended rebel seamen confined in British gaols. Their stories - rendered here - open up new areas for study of the American War on this middling segment of Britain's social structure.

More than ten years in the making, this comprehensive single-volume literary survey is for the student, scholar, and general reader. The Continuum Encyclopedia of American Literature represents a collaborative effort, involving 300 contributors from across the US and Canada. Composed of more than 1,100 signed biographical-critical entries, this Encyclopedia serves as both guide and companion to the study and appreciation of American literature. A special feature is the topical article, of which there are 70.
